Testimonial

“

The Danphe electronic medical records system has transformed the way we manage patient information at our hospital. The system has eliminated the need for paper records, which has reduced the risk of errors and improved efficiency. The ability to access patient records remotely has also allowed for better continuity of care, especially in emergency situations.

Pratik Shah

Manager, IT Department
Lumbini Province Hospital Butwal, Nepal

“

The Danphe hospital's management system has exceeded our expectations in terms of functionality and ease of use. The system has improved communication between departments, reduced administrative tasks, and allowed us to provide more personalized care to our patients. We are thrilled with the results and highly recommend Danphe to other hospitals looking to improve their systems.

Dhirendra Sawad

Chairman
Maya Metro Hospital Pvt. Ltd. Dhangadhi, Nepal

“

We are thankful to imark/Danphe Team for providing us Danphe Inventory System which has simplified our Purchase, Inventory, Fixed Asset & Sales process of Hospital as well as IOL Production services. We appreciate the hard work of the Danphe team on our requirements and SOP's and now, we are enjoying the paperless Inventory Process which broadens the easiness and reliability on the system. Further, We'd like to gratitude Best wishes to whole Imark Family for success in every step of business.

Sudhatma Karki

Manager, IT Department
Tilganga Institute of Ophthalmology (TIO), Nepal

“

The Danphe hospitals management system and electronic medical records have transformed the way we deliver care at our hospital. The system has streamlined our workflows and allowed for better communication between healthcare professionals. I am proud to be a part of a hospital that invests in technology to improve patient care.

Bikash Pandit

Manager, Finance/HR Department
