

TEMPLATE

Print the wheels on card stock and print the icons on paper using a color ink-jet printer. Cut out the two wheels, making sure to follow the dotted lines on the top wheel. Complete each sentence by pasting an icon opposite its matching phrase (for example, by placing the sunshine symbol across from "You are my") and affixing corners securely. You can also write in your own sayings if you like. Attach top and bottom wheels at center with a paper fastener, then spin.
