

Park Grounds Guidelines

Please **refrain** from **climbing** on trees & shrubs, walking **in garden** beds, **collecting plants**, flowers, or labels, and **feeding wildlife**.

Picnic areas are **available** for our groups. Please keep **food out** of the **gardens** and **trails**. **Campfires** are **prohibited**.

Our **Gemstone Mine** is fun & exciting but please refrain from playing in it if you are not using it. **Leaving trays in the water damages the mechanism keeping the sluice going.**

Where can we eat lunch?

We have a wonderful FREE outdoor picnic area with lots of space for the children to run around.

One is located by the Barn and another is by the main parking lot.

In the event of inclement weather, Brigham County Park is 1.5 miles away with a free shelter for your use on a first-come, first-serve basis. Also, some schools choose to eat their lunches on the bus. The option is up to you.
