

containing not more than 80 mg of the drug in proposed 1700.14(a)(10)(xxiv).¹² The exemption is intended to cover baloxavir marboxil tablets in a dosage of 80 mg or less. The text of the final rule is unchanged from the proposed rule. The final rule makes no other changes to part 1700.

E. Regulatory Flexibility Act

Under the Regulatory Flexibility Act (RFA; 5 U.S.C. 601 *et seq.*), an agency that engages in rulemaking generally must prepare initial and final regulatory flexibility analyses describing the impact of the rule on small businesses and other small entities. Section 605(b) of the Act provides that an agency is not required to prepare an RFA if the head of an agency certifies that the rule will not have a significant economic impact on a substantial number of small entities.

As noted in the preamble to the proposed rule (86 FR 51640 at 51642), the Commission's Directorate for Economic Analysis prepared a preliminary assessment of the impact of the proposed rule. Based on this assessment, the Commission preliminarily concluded that the proposed rule would not have a significant impact on a substantial number of small businesses or other small entities. We received no comments on this assessment or any additional information. Therefore, we certify that the rule will not have a significant economic impact on a substantial number of small entities. 5 U.S.C. 605(b).

F. Effective Date

The Administrative Procedure Act (APA) generally requires that a substantive rule must be published not less than 30 days before its effective date. 5 U.S.C. 553(d)(1). The NPR proposed an effective date of 30 days after publication of the final rule in the **Federal Register**. We received no comments on the proposed effective date. Therefore, the effective date for the final rule will be May 20, 2024.

G. Environmental Considerations

The Commission's regulations provide a categorical exclusion from any requirement to prepare an environmental assessment or an environmental impact statement the Commission rules "have little or no

potential for affecting the human environment." 16 CFR 1021.5(c)(3). Rules exempting products from poison prevention packaging rules fall within the categorical exclusion, so no environmental assessment or environmental impact statement is required.

H. Preemption

The PPPA provides that, generally, when a special packaging standard issued under the PPPA is in effect, "no State or political subdivision thereof shall have any authority either to establish or continue in effect, with respect to such household substance, any standard for special packaging (and any exemption therefrom and requirement related thereto) which is not identical to the [PPPA] standard." 15 U.S.C. 1476(a). A state or local standard may be excepted from this preemptive effect if (1) the state or local standard provides a significantly higher degree of protection from the risk of injury or illness than the PPPA standard and (2) the state or political subdivision applies to the Commission for an exemption from the PPPA's preemption clause and the Commission grants the exemption through a process specified at 16 CFR part 1061. 15 U.S.C. 1476(c)(1). In addition, the Federal government, or a State or local government, may establish and continue in effect a nonidentical special packaging requirement that provides a higher degree of protection than the PPPA requirement for a household substance for that government's own use. 15 U.S.C. 1476(b).

Thus, with the exceptions noted above, the final rule exempting baloxavir marboxil tablets in packages containing not more than 80 mg of the drug from special packaging requirements preempts nonidentical state or local special packaging standards for the substance.

List of Subjects in 16 CFR Part 1700

Consumer protection, Drugs, Infants and children, Packaging and containers, Poison prevention, Toxic substances.

For the reasons given above, the Commission amends 16 CFR part 1700 as follows:

■ 2. Section 1700.14 is amended by adding paragraph (a)(10)(xxiv) to read as follows:

SUPPLEMENTARY INFORMATION: We are adopting an updated Filer Manual, Volume II: “EDGAR Filing,” Version 69 (March 2024) and amendments to 17 CFR 232.301 (“Rule 301”). The updated Filer Manual is incorporated by reference into the Code of Federal Regulations.

I. Background

The Filer Manual contains information needed for filers to make submissions on EDGAR. Filers must comply with the applicable provisions of the Filer Manual in order to assure the timely acceptance and processing of filings made in electronic format.¹ Filers must consult the Filer Manual in conjunction with our rules governing mandated electronic filings when preparing documents for electronic submission.

II. EDGAR System Changes and Associated Modifications to Volume II of the Filer Manual

EDGAR is being updated in EDGAR Release 24.1, and corresponding amendments to Volume II of the Filer Manual are being made to reflect these changes, as described below.²

Inline XBRL Mandate for Financial Statements and Schedules Required by Form 11-K

On June 2, 2022, the Commission adopted amendments to its rules governing the electronic filing and submission of documents to require the use of Inline eXtensible Business Reporting Language (“Inline XBRL”) for the filing of the financial statements and accompanying schedules to the financial statements required by Form

11-K.³ EDGAR will be updated to allow filers to file submission form types 11-K, 11-KT, 11-K/A, and 11-KT/A in Inline XBRL format.

Shortening the Securities Transaction Settlement Cycle

In furtherance of the Commission’s rule requiring clearing agencies that provide a central matching service to establish, implement, maintain, and enforce policies and procedures reasonably designed to facilitate straight-matching processing, filers will be able to file submission form types 17AD-27 and 17AD-27/A in an Inline XBRL format that includes the data elements described in Rule 17Ad-27(b)(1) through (5).⁴ These form types will allow the filer to request confidential treatment on sections of the document that the filer does not want to be publicly disseminated.

Extending Schedules 13D and 13G EDGAR Filing Hours

Consistent with the Commission’s amendments to rules that govern beneficial ownership reporting,⁵ on February 5, 2024, EDGAR underwent software changes to extend the filing “cut-off” times for Schedule 13D, Schedule 13G, and corresponding amendments from 5:30 p.m. Eastern time to 10 p.m. eastern time. In accordance with this software change, the EDGAR Filer Manual will be revised to include references to SC 13D, SC 13G, SC 13D/A, SC 13G/A, SCHEDULE 13D, SCHEDULE 13D/A, SCHEDULE 13G, and SCHEDULE 13G/A as submission types that will have a “Filing Date” identical to the EDGAR “Received Date” even if received after 5:30 p.m. eastern time, and will be disseminated until 10 p.m. eastern time.

Share Repurchase Disclosure Modernization

References to submission types F-SR and F-SR/A, Exhibit 26 of Form 10-K and 10-Q, and the SHR taxonomy were removed from the EDGAR Filer Manual as a result of the United States Court of Appeals for the Fifth Circuit ruling⁶ vacating the Share Repurchase

Disclosure Modernization rule.⁷ Further, the SHR taxonomy has been removed from EDGAR.

General functional enhancements to EDGAR Release 24.1 are set forth below.

Revision of Filer Manual Volume II, Chapter 6, and Relocation of Technical Content

Chapter 6 of the Filer Manual, Interactive Data, will be revised to remove technical and instructional details of XBRL formatting and validation. The information to be removed from Chapter 6 consists of technical specifications and guidance that filers will be able to consult in a new EDGAR XBRL Guide on *SEC.gov*. The revised Chapter 6 will present XBRL content in a concise fashion and will continue to complement Chapter 3, Index to Forms, by identifying different XBRL formatted documents associated with relevant EDGAR form and submission types. The revised Chapter 6 will also make clear that Interactive Data submissions in EDGAR use the Extensible Business Reporting Language (“XBRL”) information model and explain the use of taxonomies and instances which comprise this model.

Taxonomy Update

The EDGAR system will be updated to accept the 2024 versions of the following taxonomies:

- US-GAAP, SRT (published by FASB)
- CEF, COUNTRY, CURRENCY, DEI, ECD, EXCH, FFD, FND, NAICS, OEF, RXP, SIC, SNJ, SRO, STPR, VIP (published by SEC)⁸

EDGAR will also accept validations based on FASB’s 2024 XBRL US Data Quality Committee Rules Taxonomy (DQCRT).

• *Updates to Table 7-1 of the Filer Manual*

The EDGAR Filer Manual reference to 8-K and 1-U Items will be updated in Table 7-1: Information Fields Available on Main Page.

On January 29, 2024, EDGAR Release 24.0.1 introduced the following changes, in addition to those noted in the December 2023 Filer Manual update:

- The check box labeled “Attach Inline XBRL Fee Tagging Exhibit” on the EDGARLink Online “Documents” tab was renamed to “Attach Inline XBRL Filing Fee Exhibit” for the 72 fee bearing submission types impacted.

² EDGAR Release 24.1 was deployed on [Mar. 18, 2024].

• Submission type SC 13E1 has been updated to remove the “Is Fee Table/ Exhibit included?” check box from the “Main” tab of the EDGARLink Online interface. As a result, filers are now required to attach an EX-FILING FEES exhibit attachment on a SC 13E1 filing.

III. Amendments to Rule 301 of Regulation S-T

Along with the adoption of the updated Filer Manual, we are amending Rule 301 of Regulation S-T to provide for the incorporation by reference into the Code of Federal Regulations of the current revisions. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51.

The updated EDGAR Filer Manual is available at <https://www.sec.gov/edgar/filerinformation/current-edgar-filer-manual>.

IV. Administrative Law Matters

Because the Filer Manual and rule amendments relate solely to agency procedures or practice and do not substantially alter the rights and obligations of non-agency parties, publication for notice and comment is not required under the Administrative Procedure Act (“APA”).⁹ It follows that the amendments do not require analysis under requirements of the Regulatory Flexibility Act¹⁰ or a report to Congress under the Small Business Regulatory Enforcement Fairness Act of 1996.¹¹

The effective date for the updated Filer Manual and related rule amendments is April 19, 2024. In accordance with the APA,¹² we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The Commission believes that establishing an effective date less than 30 days after publication of these rules is necessary to coordinate the effectiveness of the updated Filer Manual with the related system upgrades.

V. Statutory Basis

We are adopting the amendments to Regulation S-T under the authority in Sections 6, 7, 8, 10, and 19(a) of the Securities Act of 1933,¹³ Sections 3, 12, 13, 14, 15, 15B, 23, and 35A of the Securities Exchange Act of 1934,¹⁴ Section 319 of the Trust Indenture Act of 1939,¹⁵ and Sections 8, 30, 31, and 38

of the Investment Company Act of 1940.¹⁶

§ 232.301 EDGAR Filer Manual.

Filers must prepare electronic filings in the manner prescribed by the EDGAR Filer Manual, promulgated by the Commission, which sets forth the technical formatting requirements for electronic submissions. The requirements for becoming an EDGAR Filer and updating company data are set forth in the EDGAR Filer Manual, Volume I: “General Information,” Version 41 (December 2022). The requirements for filing on EDGAR are set forth in the updated EDGAR Filer Manual, Volume II: “EDGAR Filing,” Version 69 (March 2024). SOCIAL SECURITY ADMINISTRATION

20 CFR Part 416

[Docket No. SSA-2023-0015]

RIN 0960-A181

Expand the Definition of a Public Assistance Household

AGENCY: Social Security Administration.

ACTION: Final rule.

SUMMARY: We are finalizing our proposed rule to expand the definition of a public assistance (PA) household for purposes of our programs, particularly the Supplemental Security Income (SSI) program, to include the Supplemental Nutrition Assistance Program (SNAP) as an additional means-tested public income-maintenance (PIM) program. We are also revising the definition of a PA household from a household in which every member receives some kind of PIM payment to a household that has both an SSI applicant or recipient, and at least one other household member who receives one or more of the listed PIM payments (the *any other* definition). If determined to be living in a PA household, inside in-kind support and maintenance (ISM) would no longer need to be developed. The final rule will decrease the number of SSI applicants and recipients charged with ISM from others within their household. In addition, we expect this rule to decrease the amount of income we would deem to SSI applicants and recipients because we will no longer deem as income from ineligible spouses and parents who live in the same household: the value of the SNAP benefits that they receive; any income that was counted or excluded in figuring the amount of that payment; or any income that was used to determine the amount of SNAP benefits to someone else. These policy changes reduce administrative burden for low-income households and SSA.
