

HAPPY JACK

DESIGNED BY PAM KELLOGG
USING KREINIK VINTAGE THREADS

Kreinik Vintage Threads are metallic threads that have an antique finish. The effect is a subtle texture yet rich color. The seven Vintage colors of Gold, Red, Amethyst, Amber, Sienna, Burgundy and Verdigris are available in Kreinik Blending Filament, Braids and Ribbons and have a "V" after their color number (as in Vintage Gold 002V).

To find these Kreinik threads in your area, check your local phone book for an independent needlework shop, or call us at 1-800-537-2166 and we'll match your zip code to a shop nearby. You may also wish to try the mail order source Nordic Needle at 1-800-433-4321 or the internet source www.Herrschners.com if there are no shops in your area.

Stitch slowly with these metallics, using a length no longer than 15 inches. This will give you more control over the metallic and reduce thread abrasion from too many passes through the fabric. But most of all, enjoy their soft effects and antique colors.

HAPPY JACK

Since a lot of shading is used to make our friend look so real, you may wish to color some of the symbols with colored pencils to make the color sections easy to follow.
