Shipping Methods

All Orders are processed in the order in which they are received except for emergency orders. This includes assigning serial numbers to Veterans in Vista

After orders are processed and serial numbers of devices requiring registration is complete, Items are assembled for packaging.

Packaged orders are processed through UPS Worldship and shipping labels are affixed to boxes

All packages ready for shipment are staged on carts and placed in the UPS pick-up area. UPS picks up packages for shipment to end users. (Veterans or Stations)

***Note:** All orders are sent 2-Day Air regardless of routine or priority order status.

**** Note:** Only Emergency orders are shipped Next Day Air.

ROES Quick Reference for EMERGENCY Shipping

For overnight shipping, each line item for delivery category must be changed to “**Emergency**” when placing the order. From Monday – Thursday the order must be placed before 2:00PM MTN time.

***Important Note:** UPS Saturday delivery is not available in all areas. This fulfillment is entirely at the discretion of UPS.

The use of emergency shipping is controlled by having to select emergency for each item ordered. These are the steps:

- Select all necessary item information first (the **vendor, item, quantity, verify the address**, click the check box “**delivery address confirmed**”)
- Second step is to select **emergency**
- Then enter **phone number** of the patient
- Then Click add to order
- When all items are ordered, click **submit**
